Dear Client & Responsible Party:

COVID-19 has presented all of us with challenges. As you know, our primary focus has been on keeping our residents, program participants and staff safe in face of the pandemic. This spring, we made the difficult decision to temporarily close the Mater Dei Adult Day health program. We know that this has caused disruptions for you and your families, and quite frankly, we miss you!

As we look ahead, we again need to make difficult decisions out of an abundance of caution. We have worked with the Department of Public Health and have decided to extend the temporary closure of Mater Dei to June 1, 2021. Our goal is to take this time to reassess the program and come up with a re-opening plan that meets the needs of the clients and safely mitigates the risk of Covid19 infection.

If you and your family need to seek adult day health care services in the months ahead, please contact us to discuss alternate placements. I am also available to answer any questions you may have and can be reached at 508-583-5834.

Sincerely

James Keane
Administrator
St. Joseph Manor
